Next Review Date: 2008

December 1948

There was an aircraft repair shop in KUNOVICE. 25X1X membered that from the PARDUBICE airfield damaged Me-109s, Spitfires 6 and 9, and La-5s, had been sent there. After repair, the planes were tested by STKA, a test pilot.

25X1A

Comment:

The Avia firm erected a repair factory in 1938 which gradually was to become an alternate factory of Avia.

CENTRAL INTELLIGENCE AGENCY -2-

The intended completion as a nanufacturing plant was not done. The report states that the factory is still used as a repair plant. This report confirms the use of La-5 planes in Czechoslovakia.

The title page of the Czech journal Mase vojsko, 15 April 1949, shows La-planes attended by Czech aircraft mechanics.
